CSC 318S
THE DESIGN OF INTERACTIVE COMPUTATIONAL MEDIA
Winter Term, 1997-98

Information about the Summer Internship at IBM Canada

HANDED OUT: Wednesday, April 1, 1:10 p.m.
APPLICATION DEADLINE: Monday, April 13, 1:10 p.m.

POSITION DESCRIPTION

This is a 2-month position, preferably beginning in early June, although the start date is negotiable. The student would be part of a multi-disciplinary team designing the user interface for an electronic commerce product. S/he would most likely be assigned a specific piece or pieces of the interface to design using IBM's UCD process, which would include participating in and/or running user feedback sessions. S/he would work closely with IBM's lead designer, and with IBM's user feedback specialists, as well as visual designers, developers, and technical writers. The salary is \$2500 per month.

This position is being offered by:
Kathryn Fryer
User-centred design manager, DB2 and Net.Commerce
(416) 448-3630; fax 448-4414; fryerk@ca.ibm.com

APPLICATION INSTRUCTIONS

Please deliver a CV detailing relevant background and experience, a photocopy of your academic transcript, the name and contact information for one or two references, and a brief description of your role and contributions in this semester's design project to my assistant, Ann-Barbara Graff, graff@dgp.toronto.edu, 978-5184, whose office is outside mine in SF4306. Please also ask your teaching assistant to write a one-paragraph email letter of reference to Prof. Baecker c/o Ann-Barbara. We will courier all the applications to Kathryn Fryer late the afternoon of the 13th.
